Type of request: Convert existing Trico service from Overhead to Underground Convert existing Trico primary facility

Relocate existing Trico service Relocate existing Trico primary facility Retire/Remove existing Trico service

Retire/Remove existing Trico primary facility *(Charges will be applicable to reinstall any retired facilities)*

Upgrade service from _____ Amp to _____ Amp *(Load calculations required over 200 AMP)*
(Trico no longer accepts 400A-1Ø-K4 style meter bases and no longer stocks this class of meter)

If altering facilities includes the addition or existence of backup or co-generation equipment, not limited to but including backup generators, photovoltaic solar installations, or wind turbines you are required to notify Trico. If the equipment is intended to operate in parallel with the Cooperative's electric system, a separate application and interconnection agreement must be completed.

(See rule 224 of Trico's current R.R.&LEP)

Reason for request:

If adding Air Conditioning please specify either the size of the unit(s) in Tons or the lock rotor amps (L.R.A.) _____

If replacing a manufactured home please specify the square footage of the new home _____

SITE PLAN: Draw/attach a detailed sketch of how you have or are going to develop the property. Include placement of home, water lines, gas lines, septic, driveway, etc. *(Please include footages and changes to be made).*

(Continued on other side)

Permits and Inspections

If you are making a request to upgrade or relocate your electric service, it is necessary to inform you that any time an electric service is disconnected for the above reason, you are required to have a permit and inspection from the authority having jurisdiction (*Permit exemptions must be proven by the Applicant*), before we can reconnect the service.

If you are replacing the mobile/manufactured home on the property, you will also be required to have a permit and inspection from the State of Arizona before we can reconnect the service. (*Currently only in Pima Co. & City of Tucson*)

You may obtain a permit at one of the following agencies:

PIMA COUNTY Central Permits, 201 N. Stone - 1st floor, Tucson, AZ 85701
(520) 724-9000

PINAL COUNTY Building Safety, 31 N. Pinal St. – Building F, PO BOX 1610, Florence, AZ 85132
(520) 866-6405

TOWN OF MARANA Building Safety, 11555 W. Civic Center Dr., Marana, AZ 85653
(520) 382-2600

TOWN OF SAHUARITA Building Safety, 375 W. Sahuarita Center Way, Sahuarita, AZ 85629
(520) 822-8866

CITY OF TUCSON Development Services, 201 N. Stone - 1st floor (*North Side*), Tucson, AZ 85701
(520) 791-5550

STATE OF ARIZONA Office of Manufactured Housing, 1110 W. Washington St., Ste.100, Phoenix, AZ 85007
(602) 364-1003

WE CAN NOT RECONNECT YOUR SERVICE UNTIL WE RECEIVE A CALL, FAX, or E-MAIL FROM THESE AGENCIES TELLING US YOU HAVE PASSED THEIR INSPECTION(S) !!!

Once we have received the clearances and your trenches are covered, you should be reconnected within 24-48 hours, excluding weekends, holidays and pending emergencies.* Please contact our construction schedulers at ext : 1355 or 1383 to verify that your clearances have been received and to let us know your trench is backfilled.

Any new facilities and/or labor Trico is required to provide due to the above request, will require a nonrefundable contribution advanced by the Customer prior to Trico's construction, equal to the estimated cost of Trico's construction and facilities. The final estimate includes but is not limited to service conductors, transformers, secondary junction boxes, and splices. For large alteration or conversion projects a Design & RW fee may be required to prepare detailed plans. This paid fee will be applied to the final cost (See Rule 201.B of Trico's RRLEP's). It is the Customer's responsibility to obtain all easements that may be required for the conversion or alteration of certain Trico facilities. All trenching, backfill, and conduit requirements for underground construction shall be furnished by the Customer at no expense to Trico. If you have specific questions please contact a New Service Technician at ext:1309 or 1523 and allow them to coordinate with the appropriate work group.

In addition to this there will be a \$50.00 reconnect fee for any service that is disconnected and reconnected.

I have read and understand the permit requirements and procedures for this request, including applicable charges.

Applicant's signature _____ **Date** _____

Trico's New Service Technician _____ Date _____

**Note, that if you coordinated with Trico's Construction Dept., the agency having jurisdiction for your permit(s), and your electrician, the reconnect may be completed within the same day. Special charges apply for any work done on overtime and return trips for construction.*
